Experience

Online Order Associate

Walmart

Cherry Hill, NJ 05/2024 - 09/2024

- Accurately picked customer orders, ensuring items were correct, undamaged, and ready for timely pickup or delivery
- Used Walmart systems to track orders, manage stock, and streamline workflow, reducing errors and boosting productivity
- Maintained inventory accuracy across the fulfillment department by reporting discrepancies and scanning products using handheld devices, contributing to a 98% accuracy rate
- Collaborated with team members and supervisors in a fast-paced environment to meet daily fulfillment goals and reduce order processing times by up to 15%

Seasonal Fulfillment Associate

Amazon

West Deptford, NJ 05/2023 - 09/2023

- Processed and fulfilled an average of 200+ customer orders per shift by accurately picking, scanning, and packaging items to meet daily productivity targets
- Maintained a 99% accuracy rate in order fulfillment by carefully verifying item labels, quantities, and shipping requirements
- Worked efficiently in a fast-paced warehouse environment, consistently exceeding Amazon's performance goals for speed and quality
- Operated barcode scanners and handheld devices to track inventory movement, contributing to real-time data accuracy and reducing stock discrepancies

Project Coordinator/Manager

American Made Lawn

Cherry Hill, NJ 05/2022 - 09/2022

- Led a team of 3–5 crew members, coordinating daily schedules, assigning tasks, and ensuring efficient job site execution
- Supervised the delivery and application of soil and mulch, while ensuring consistent, high-quality results..
- Managed tools, supplies, and transportation logistics, reducing downtime and increasing team productivity by 20%
- Maintained professional team environment while handling project timelines and adapting to weather or client needs

Teacher Assistance Volunteer

VBS

Manhattan, NY 06/2015 - 09/2017

- Assisted teachers in managing classrooms of 10-20 children, supporting different lesson delivery, and group activities.
- Helped prepare teaching materials and set up daily classroom environments to ensure a welcoming and organized space.
- Supervised students during indoor and outdoor activities, promoting safety, cooperation, and respectful behavior.
- Provided one-on-one support to children needing extra guidance, fostering a positive and inclusive learning environment.

Education

Bachelor of Science

Rutgers University

New Brunswick, NJ 09/2021 - 05/2025

- Major in Computer Science

Projects

- **Oakley-Personal Budgeting & Finance App:** Designed and developed a full-stack web app using Python, Django, MySQL, HTML, JavaScript, and CSS that lets users upload CSVs to track spending, categorize expenses, and manage budgets efficiently. (01/2025)
- **Computer Parts E-Commerce Platform:** Developed an eBay-style marketplace for computer parts using Java and MySQL, implementing user account creation, product listings, and transaction handling through a relational database.
